CROKER CONCEDES DEFEAT.

Says Maynard and the Entire State Ticket Is Done For.

EXCEPTS THE LEGISLATURE.

Tremendous Rebuke Administered to Bosses by Independent Voters.

GLOOM AT TAMMANY HALL.

Maynard's Name on the Ticket Said to Be the Cause of Defeat.

At 8.30 o'clock, at Tammany Hall, Richard Croker conceded the defeat of Isaac H. Maynard and the entire State ticket, with the exception of the Legislature.

Isaac H. Maynard, the man who juggled the Dutchess County election returns and for

Isaac H. Maynard.

Republican candidate for Judge of the Court of Appeals. The members of the regular Democratic organization of this city and State, under command of Gen. Croker, Hill, Sheehan and Murphy, have for weeks been working like beavers, has been elected for Judge of the Court of Appeals.

The presence of his name on the Democratic ticket cost the party thousands of votes in this city and throughout the State.

Returns from this city, Kings County and up the State received up to 8.30 P. M., confirm the prediction of Thomas C. Platt and Chairman Brookfield, of the Republican State Committee, that Isaac H. Maynard will be killed under a landslide.

Kings County went against Maynard by about 12,000 and the indications are that he will not have more than 30,000 or 35,000 plurality in this city.

Outside of New York City and Kings County the ratio of plurality against Maynard is about the same as in this city, where he runs behind the ticket about 30,000. The Democratic loss in 118 districts outside of New York and Kings Counties being 1,200.

A private dispatch from John D. Shea to Richard Croker states that Morris has carried the Twenty-fourth Ward by over 1,000 majority over Robertson.

According to the returns for Judge of the Court of Appeals received up to 6.45 P. M., 21 election districts out of 1,142 in this city, have for Maynard 21,084; Bartlett, 15,721; giving Maynard a plurality of 7,363.

Maynard, which would show that Maynard is running far behind his ticket, nearly 7,000 in 200 districts.

Eight hundred and seventy election districts out of 1,142 gave Meyer 81,329; Palmer 11,170; plurality for Meyer, 70,159.

Six hundred and seventy election districts are about 60 per cent. of the total number in the city, and according to the figures given would indicate a plurality for the head of the Democratic ticket—Secretary of State—of about 70,000.

There was a complete absence of excitement at Police Headquarters. In former years many of the candidates watched the counting process eagerly and generally arrived early in the afternoon. That was not so to-day. Commissioner Martin was the first to show himself after dinner, but Capt. Byrne had been on hand all the time.

"The people," the city of New York have much to be proud of in this election," the Superintendent said to an "Evening World" reporter.

"Just think of it. In a city of 2,000,000 people there has not been as much as a stoop fight all day.

"Over in Jersey, Long Island and up the State people are shooting and stabbing each other. I sent out a general alarm for all stations to report at once any complaints or disorders. There was none.

"The only reports of disturbance I received were from John Saline Smith, Chairman of the Republican County Committee, and Republican Candidate Charles H. Murray.

"They said that in about half a dozen precincts their watchers had not been admitted within the rail. I investigated the story, and found that in each case an agreement had been made among the watchers of all parties to stand outside the rail on account of the smallness of the room. As a matter of fact, they had all been invited inside afterwards by the policemen on duty.

"Two Hebrews called upon me," the Superintendent continued, "and said they had not been allowed to vote, as other men had voted on their names. I advised them to get out on a mandamus. There were no other cases, nor was there any bribery.

"One man was arrested in the Tenth Assembly District, having gone to the polling place claiming to be a watcher for Otto Kemper. He refused to show his authorization. He also refused to show it in court, but later showed it to Inspector Williams. Instead of being a watcher for Kemper he was there in the interest of the socialists."

Bulletins Read Announcing Maynard's Big Falling Off.

The usual jubilation generally witnessed at Tammany Hall on Election Night has given place to gloom. Many of the braves are there, but as bulletins after bulletins are read showing a falling off in Maynard's vote everywhere, the depression is deepening.

BROOKLYN'S RING IS BROKEN.

Maynard Runs Fully 12,000 Votes Behind Bartlett in Kings County.

GAYNOR ALSO IS VICTORIOUS.

Even McKane's Outrages Could Not Overcome the Will of the People.

Ring rule in Brooklyn has been overthrown. The voters of its citizens cast to-day at the polls have decided this apparently by a safe majority.

The bulletins of returns on the State ticket were received with mingled feelings. When it became apparent that Maynard was not elected, a perfect stillness reigned.

It seemed to be almost too good to believe that the people had at last asserted their right. After that it was simply a question of waiting for additional figures to fulfill "The Evening World" predictions, that the rule was broken.
